Re: Astrotilt Jr.

Dear Ms. Balcom:

This letter is in response to your recent inquiry for coding verification of the above listed product(s) manufactured and/or distributed by your company. The Statistical Analysis Durable Medical Equipment Regional Carrier (SADMERC) has reviewed the documentation and information submitted for HCPCS Coding. The SADMERC conducts reviews of products to determine the correct HCPCS code(s) of DMEPOS product(s) for Medicare billing.

It is our determination that the Medicare HCPCS code(s) to bill the four Durable Medical Equipment Regional Carriers (DMERCs) is/are:

E1233 Wheelchair, pediatric size, tilt-in-space, rigid, adjustable, without seating system, when provided with a seat width and/or depth less than 15 inches.

OR

E1234 Wheelchair, pediatric size, tilt-in-space, folding, adjustable, without seating system, when provided with a seat width and/or depth less than 15 inches.

It is our determination that the Astrotilt Jr. also meets the description for a manual adult size tilt-in-space wheelchair, when provided with a seat width and/or depth of 15 inches or greater as defined by the PSC Medical Policy for Manual Wheelchair Bases. This product is considered by the SADMERC to be an incomplete product because the seat and back are not included. Therefore, there are no HCPCS codes that describe this product. However, if this product is provided to a beneficiary by a supplier, and a seat and back are included, it is our determination that such an item would meet the characteristics and description of HCPCS code **E1161 Manual adult size wheelchair, includes tilt-in-space.**

This HCPCS coding decision applies to the submitted product(s) as presented to and reviewed by the SADMERC. Any modifications to the product(s) could change the HCPCS code and would need to be reviewed for coding verification. The assignment of a HCPCS code to the product(s) should in no way be construed as an approval or endorsement of the product(s) by SADMERC or Medicare, nor does it imply or guarantee claim reimbursement or coverage. For questions regarding claim coverage or reimbursement please contact your regional DMERC.

A CMS Contracted Intermediary and Carrier

Should you disagree with this coding decision, a re-review of the product(s) can be initiated. The SADMERC will provide a re-review if the request is made within 45 days of the date of this letter and additional documentation is provided supporting the request. If a request for a re-review is made after 45 days, the request is treated as a new Coding Verification Review and a complete application must be submitted along with the additional documentation supporting the request.

Should you have any questions regarding this decision, please contact me at the address below or by telephone at (803) 763-8215.

Sincerely,

A handwritten signature in black ink, appearing to read "Catherine E. Anthos". The signature is fluid and cursive, written over a light blue horizontal line.
