Re: Eclipse 350  
Eclipse 600

Dear Mr. Klipfel:

The SADMERC and the four Durable Medical Equipment Regional Carriers (DMERCs) completed the HCPCS Coding Verification Review for the above products manufactured by your company. This review resulted in a consensus coding decision.

Based on additional information received in our office, it is our determination that the Eclipse 350 meets the description and characteristics of an extra heavy-duty wheelchair as described in the DMERC Medical Policy for Manual Wheelchair Bases. Therefore, the correct Medicare billing code for the Eclipse 350 is

**K0007 Extra heavy-duty wheelchair.**

Based on a previous review conducted by the SADMERC and the four DMERCs, it is our determination that the Eclipse 600 does not meet the description or characteristics of a specific HCPCS code for a manual wheelchair base. Therefore, the correct Medicare billing code for the Eclipse 600 remains

**K0009 Other manual wheelchair base.**

If you have any questions, please feel free to contact me at the address below or by telephone at (803) 788-0222, extension 38114.

Sincerely,

*Shana M. Sanders*
